

Lone Pine 4-H Club Projects 2017-2018

4-H is open to all kids ages 5-18 as of December 31, 2017.

Projects being offered in the Lone Pine 4-H Club are listed below.

There is a \$55 enrollment fee per youth to join 4-H for the entire year. They may take as many projects as they wish. Some projects will have additional materials fees, or costs. See the project descriptions for more information.

Don't see a project your child would like to take? Would you like to help lead a project? Do you have a special skill that you would like to share? Contact the 4-H office to become a volunteer, 760-873-7854.

Market & Breeding Animals

Advanced Animal Science for Market Animals

ANIMAL SCIENCE

Emphasis on marketing your animal for profit. Develop personal integrity, a sense of sportsmanship and team cooperation, and an ability to speak in public through participation in one mandatory public speaking activity. Show their market projects at the Jr. Livestock Show and sell at the auction. Beef, swine, lambs, rabbit, and meat goat. Project costs will vary on the start up cost of the market animal and your feed. Fees will be paid directly to the breeder and you will be responsible for purchasing feed, supplies, and housing of your animal. If you arrange housing with an outside party then you will follow their rules. This project will have strict rules on parent involvement.

Project Leader: Sheyanne Joiner

Turkey

The 4-H Market Turkey Project is a fun project designed to help you learn how to raise, show and auction a turkey. You will gain knowledge on how to pick the right poults (baby turkey) and how to properly brood, feed and manage your turkeys growth. You will also learn how to prepare for your market classes and auctioning your turkey at the Jr. Livestock Fair. *Must be 9 years of age or older.*

Project Leader: Tabitha Warner

Breeding Sheep

Learn about the management and care of sheep and the reproductive process. You will learn about selecting proper feeds and managing a balanced diet for your ewe and their lambs; showmanship skills and getting your lamb ready to show. Members may raise animals to show at the July Junior Livestock Show. *Must be 9 years of age or older.*

Project Leader: Allie Whisler

Photography:

Do you have that Artistic eye? Want to learn more about cameras, and how to get that perfect picture? We will be using the 4H curriculum on Photography. **requirements – you will need your own camera (any kind works) and the only cost will be for film or printing of digital photos. This group will be responsible of taking photographs throughout the year of club outings and will put together a year scrapbook for the club. Will have at least one field trip, TBD on when and where. Ages 7-18

Project Leader: Johanna Milsap

Mini members:

Welcome to 4H! A wonderful way to learn how clubs work, do various projects ranging from simple crafts to learning how to raise animals! **you can raise a chicken, goat or rabbit while being a mini member**

Ages 5-8 Learning how 4H works: teamwork, communication with others, self-motivation & team building skills, and early record book keeping. Meetings will be held once a month starting November 2017- June 2018 We will have at least one field trip, TBD on when and where.

Project Leader: Johanna Milsap

Veterinary Science:

Want to become a veterinarian when you grow up? This project will give you a starting point. We will be using the 4H curriculum that will be taking us from beginning Veterinarian Science to advanced. Depending on the enrollment will determine which curriculum you'll be set up with. Meetings will be held once a month from November 2017 – March 2017, Ages: 9-18 There will be at least one field trip, TBD on when and where.

Project Leader: Johanna Milsap

Sewing:

Ever wonder how to sew using a sewing machine? This class is for beginner level sewing. We will be learning the basics, choosing a pattern, and learning how to read a pattern. What fabrics will work best for your project, and how to pick out the right supplies. Still working on schedule – Ages: 7-18

extra cost for materials depending on projects

Project Leader: Tammy Lee

Food Preservation

Learn the basics of food preservation. This project will be shared with Independence 4-H and will meet half of the time in Independence and half the time in Lone Pine.\$5 per meeting. 3 meetings in November and December. They can come to any or all and pay for each one. We will make pepper jelly, cranberry relish, apple butter, and other things to be selected by the students.

Ages 9 and up

Project Leader: Susan Lutz
